LABOR GOVERNMENT AIMS TO SETTLE STRIKE

FIRST ACT OF THE BRITISH LABORITES IS OVER RY. TIEUP

AIM TO BRING TO END SLOWLY
SPREADING PARALYSIS OF
TRANSPORTATION

HOME SECRETARY TO CONSULT
ENGINEERS AND FIREMEN
OVER DIFFERENCES

(By United Press)
London, Jan. 23.—The first
act of the MacDonald govern-
ment, even before it was consid-
ered formally in office, was to at-
tempt a settlement of the rail
strike.

While the government of Great
Britain was passing into the hands
of representatives of its laboring
class every effort was being bent
to bring an end to the slowly spreading
paralysis of the transportation tieup.

The outgoing and incoming minis-
ters went to the palace and the seals
of office were exchanged and all kiss-
ed the king's hand.

The new cabinet members were
sworn in at a special meeting of the
privy council and held the first cabi-
net meeting at 4 p. m.

Men chosen by Premier Ramsay
MacDonald for the nation's first labor
cabinet were early at the various
government offices. Their retiring
predecessors—conservatives—showed
them the "ropes" before retiring.

Arthur Henderson, home secretary,
already has entered upon his duties
as home secretary although a seat
in commons must be found for him
before he can officially be given a
place in the house.

It is characteristic of MacDonald,
however, that he instructed Hender-
son to quit but to "get busy and
consult the differences of the engi-
neers and firemen and their employ-
ers."

The British spirit of fair play has
manifested itself in the reception
given the laborites.

Today's newspapers, regardless of
politics are practically unanimous in
commending MacDonald's good judg-
ment in his selection of a cabinet.

Even the Tory Morning Post ad-
mits "it might easily have been
worse."

MACDONALD PRESIDES AT CABINET MEETING

London, Jan. 23.—Ramsay Mac-
Donald presided over the first cabinet
meeting of Britain's new labor cabi-
net at the historic residence of prem-
iers at number 10 Downing street
this afternoon.

The new prime minister walked to
the meeting from the foreign office.
Shaw, minister of labor, reported on
the railway strike situation to his
new colleagues.

VIOLENCE, SABOTAGE IN RAILWAY STRIKE

London, Jan. 23.—Violence and
sabotage entered in the British rail
strike situation today.

Near Northampton strikers stoned
a fireman aboard a running train,
rendering him unconscious in the
locomotive cab.

At Glasgow a heavy freight train
crashed through an obstruction with-
out being derailed. It is believed an
attempt had been made to wreck the
light passenger train which was fol-
lowing the freight.

There were several stonings near
Glasgow.

REBEL BLOCKADE AGAINST TAMPICO HAS BEEN LIFTED

(By United Press)
Washington, Jan. 23.—The rebel
blockade against the port of Tampico
has been lifted permanently accord-
ing to a dispatch to the state depart-
ment today from John Q. Wood, Amer-
ican consul at Vera Cruz.

Secretary of State Hughes now is
taking steps to verify the consul's re-
port and if it is confirmed, the Amer-
ican cruiser Richmond will be with-
drawn from Tampico, the state depart-
ment announced.

10 ARMY PRISONERS OVERPOWER GUARDS, GRAB GUNS, ESCAPE

Denver, Jan. 23.—Overpowering
their guards who were armed with
shotguns, 10 military prisoners at
Fort Logan, near here, made their
escape early today.

Three of the prisoners seized
three guns from the guards in their
dash for liberty. The fourth
guard endeavored to open fire on the
fleeing men, but his gun failed to
discharge.

Six of the prisoners, none of
them armed, were later captured.
The remaining four subsequently
stopped a motorist, John Martins,
took his automobile and drove off.
Soldiers from Fort Logan, and po-
lice and deputies from various
towns nearby are searching for
them.

WIFE POISONER IS FOUND GUILTY

ADMINISTERED POISON IN COFFEE
AND OTHER FOODS
FOR SPOUSE

(By United Press)
Chippewa Falls, Wis., Jan. 23.—
John A. H. B. McCormick was found
guilty of first degree murder in a re-
trial here today and was sentenced to
life imprisonment.

He is alleged to have killed his wife
by poison in 1915.

McCormick was tried once before
and acquitted.

Allegations that he had administered
slow poison to his wife, who was of
considerable means, were made again
recently and McCormick again in-
dicted.

During the trial McCormick sought
by his testimony to fasten suspicion
on a sister of his dead wife whom he
claimed was extremely jealous.

The sister testified against McCormick.

Testimony was introduced to show
that McCormick administered poison
in coffee and other foods for his wife.

Threshermen Convene
Minneapolis, Jan. 23.—Two thousand
members of the Minnesota Brother-
hood of Threshermen gathered at the
West hotel for their annual conven-
tion and exposition today.

Huge threshing and milling ma-
chinery crowded the lobby of the his-
toric old hotel where the delegates
are meeting. They will be in session
three days.

Special railroad rates have been
granted for the meeting.

Mayor George E. Leach welcomed
the delegates. M. L. Countryman of
the Great Northern will discuss trans-
portation problems and William J.
Brown, president of the wheat grow-
ers' association, will tell of the grow-
ers' problems. Rep. Theodore Chris-
tianson, Dawson, will address the conven-
tion.

The cost of running threshers will
be discussed Friday by L. L. Bassett
of University Farm. Co-operation and
mutual insurance will be round table
topics.

Lawyers Build Church

Fargo, N. D., Jan. 23.—Out in Har-
din, Mont., is to be a church which
will stand as material proof to the
world that "the legal profession still
clings to the high traditions of the
past."

C. F. Gillette, attorney of that city,
in a letter to the United Press to-
day, declared a church will be erected
in Hardin which will be a credit to
the state and the nation.

Some time ago Gillette started a
campaign for a new church in which
lawyers all over the country were so-
licit for funds.

"The movement is daily gaining mo-
mentum," Gillette wrote, "and the law-
yers of the country are displaying
great interest in the project. I feel
that I am now perfectly safe in pro-
phesying that enough money will be
received to build a church that will
reflect credit to the lawyers and prove
to the world that the legal profession
still clings to the high traditions of
the past."

MILLIONAIRE OIL MAN AND LES-
SEE OF TEAPOT DOME GIVES

Washington, Jan. 23.—Senator
Caraway to ask action on Teapot
Dome resolution.

Russian hearings continue.
Consider interior department
appropriations bill.

Muscle Shoals hearing contin-
ues.
Naval affairs committee consid-
ers Britten bill in public works.
Ways and means committee

Havre, France, Jan. 23.—"I
have no intention of returning
to the United States until my
business here is finished."

Harry F. Sinclair, millionaire oil
man and lessee of the now far famed
Teapot Dome oil reserve made this
reply to the United Press when it
informed him of the senate investi-
gating committee's desire to have
him get back to Washington as soon
as possible for further questioning.

"I have many interests in Ger-
many," he explained.

"I intend while there to introduce
a partnership with Hugo Stinnes in
oil exploitation. I will probably
have to remain in Europe for several
weeks. I didn't run away from
Washington. The senate committee
dismissed me."

Sinclair, upon his arrival here
aboard the Paris, was informed by
the United Press of the latest turn
in the senate Teapot Dome investi-
gating committee including the in-
tention of his attorneys to cable him
to return.

"I am willing to testify again be-
fore the senate committee," he said,
"but I cannot leave immediately be-
fore urgent business which brought
me here is finished. I am not run-
ning. I have already denied these
charges under oath and I will repeat
the denials at my convenience."

Sinclair discussed briefly the ac-
tion of Archie Roosevelt in review-
ing his position with the Sinclair oil
company and in giving somewhat
sensational testimony before the senate
committee.

"I was not aware," said the oil
man, "that Roosevelt intended to re-
sign. I have known him for five
years and he went with me to Rus-
sia last year. I did not bring the
company books to Europe as Roose-
velt intimated. I never loaned Fall
any money. Perhaps McLean did."

Secretary Denby is not connected
with my company in any way," Sin-
clair said as he left for Paris.

TEAPOT DOME FIGHT IN SENATE

Washington, Jan. 23.—The fight
to invalidate the lease of the Teapot
Dome naval reserve created by form-
er Secretary of the Interior Fall broke
out on the senate floor today.

Sinclair Caraway, Arkansas, dem-
ocrat, who charges "corruption" in
connection with the lease moved that
the public lands committee be re-
lieved of further consideration of his
resolution abrogating the lease and
that the senate take it up.

**ALBERT B. FALL

New Orleans, Jan. 23.—Albert B.
Fall, former Secretary of the Interior,
left New Orleans for Washington to-
day to tell his part in the Teapot
Dome leasing.

He left at 8:30 a. m. over the
Louisville and Nashville road. On
the same train was Col. J. W. Severly,
attorney for Harry F. Sinclair, who

FIRE SWEEPS VERMONT TOWN; MANY HOMELESS

(By United Press)
Lyndonville, Vt., Jan. 23.—Seven
persons are believed dead and 10
seriously injured in a fire which
swept through the poorer district
here today. More than 40 families
have been made homeless. The
fire destroyed the greater part of
the town's business section and
swept the tenement district.
Occupants of the houses were
driven to the street in a tempera-
ture of 15 degrees below zero.

TREATY BETWEEN U. S. AND BRITAIN FIXES BOOZE LINE

NEW BOUNDARY AGREEMENT

3 MILE LIMIT EXTENDED TO "AN

SEA

(By United Press)
Washington, Jan. 23.—The
treaty between the United States
and Great Britain fixing a new
booze boundary for this country
was signed today by Secretary
of State Hughes and Auckland
Geddes, retiring British ambas-
sador to Washington.

The treaty provides for an extension
of the three mile limit of American
jurisdiction at sea to the distance
covering "an hour's steaming" to facili-
tate apprehension of rum runners by
American authorities.

The same extension applies theo-
retically to British ports for preven-
tion of smuggling, etc.

interests.

Fall and Sinclair expect to reach
Washington late Thursday.

RUSSIAN RED INTERNATIONALE

Washington, Jan. 25.—The work-
ers party of America guided by the
Russian red internationale ordered
its members in 1923 to "undertake
propaganda with the American Leg-
ion and the army and navy with a
view to procuring arms and ammuni-
tion for an armed revolution against
the American government." A. W.
Killefoth, department of justice, testi-
fied before the Borah committee in-
vestigating the alleged Russian propa-
ganda.

**BOB PEACE AWARD
RESOLUTION HELD UP**

Washington, Jan. 23.—An attempt
by Senator Reed, Missouri, to show
the Bok peace award jury "had been
picked in favor of the League of Na-
tions" was held up today in the
senate committee investigating propa-
ganda, when Senator Caraway, dem-
ocrat of Arkansas, objected on the
grounds that the resolution creating
the committee did not authorize it.

Reed questioned Miss Esther Lape,
executive head of the peace award
in an effort to discover whether it
was not known that members of the
policy committee and the jury itself
were either supporters of the League
of Nations or at least were not op-
posed to it.

**NEW OFFER FOR

Washington, Jan. 23.—Secretary
of War Weeks today sent to congress
an offer for Muscle Shoals made by
the Union Carbide company of New
York.

The offer contemplates manufac-
ture of fertilizer and use of a portion
of the power developed at Muscle
Shoals. The company wants to use
approximately 50,000 horse power.

MAGNUS MAKES BOW AS SENATE SPEAKER, HITS MELLON PLAN

URGES INCOME TAX RETURN
PUBLICITY IN MAIDEN
EFFORT

REFERS TO PERSONAL PROPER-
TY PUBLICITY IN MINNE-
SOTA

Washington, Jan. 23.—Publi-
city of income tax returns was
urged by Senator Magnus John-
son of Minnesota in his maiden
effort at speech-making in the
United States senate.

The junior Minnesota senator talk-
ed only a few minutes and jumped
in a free-for-all attack on the Mellon
plan which was launched by Senator
J. A. Reed of Missouri. The debate
lasted for more than two hours.

"God knows, we need more publi-
city," Senator Johnson said in indor-
sing a speech by Senator G. W. Nor-
ris of Nebraska for more information
about tax returns. "And there is
going to be more publicity," he shout-
ed, "if the progressive forces of this
country have anything to say about
it in this session of congress."

Heated Tilt Marks Debate

In addition to Senators Reed and
Norris, Senators T. H. Caraway, H.
F. Ashurst and James Couzens deliv-
ered tirades against the Mellon plan.
Senator D. A. Reed of Pennsylvania
sought to defend Secretary of the
Treasury A. W. Mellon and engaged
in a heated tilt with the Michigan
senator.

There was keen interest when
Senator Johnson gained recognition.
Only a few senators previously had
heard him speak. At the outset,
Magnus explained he intended tak-
ing only a few minutes, but that lat-
er he will have a lot to say about tax
legislation. Among other things he
wants to find a way to prevent the
rich corporations from passing their
taxes along to consumers.

"I am for publicity," Senator John-
son said, "and I know we will have
it. I am indeed glad the secretary
of the treasury stirred up something
when he proposed the Mellon scheme.
In the great progressive state of
Minnesota we have had publicity
lately. I know that perhaps there
are other states in this great union
which today are publishing the per-
sonal property tax reports, and I
know the nation at large should give
more publicity to them."

Recalls Philadelphia Reception

"I was of the impression the judges
of the courts in this country were
not in politics. When the other day
in Philadelphia, I stated that the
Mellon tax plan would not go
through the way he proposed it, I
was hissed. That is all right."

"I did not kick on that, but I re-
ally kicked, when I got through speak-
ing, the chief justice of the supreme
court of that great state of Pennsylv-
ania getting up and saying, 'We are
going to see to it that the Mellon
tax plan does go through, and if con-
gress at this session does not put it
through, we will see to it that the
next congress will put it through.'"

"This is mighty interesting when
we are talking about investigations,
and so forth. We got after the steel
trust, that big corporation that was
mentioned only a few moments ago
by one or two speakers. I have had
something to do about the steel trust
in the state of Minnesota. We put
a tax upon it. Of course they squeal-
ed, and they tried to evade it by go-
ing into the state supreme court, and
also the supreme court of the United
States; but we licked them on that
proposition."

Interested in Who's Paying Taxes

"I intend to take an interest in
these tax debates, but I could just as
well inform the senator from Michi-
gan (Mr. Couzens) and also the sen-
ator from Pennsylvania (Mr. Reed)
that so far as the country people are
concerned, and especially the farmers
—because I am one of them—we are

GOVERNMENT SELLS "RADIO SHACK" ON MINNESOTA POINT

Duluth, Jan. 23.—The United
States navy department's "radio
shack" on Park Point is no more.

Placed on the auction block, to-
gether with other stations on the
Great Lakes, the department has
accepted the \$580 bid submitted by
Frank Lampert, 720 Minnesota
Ave., operator of the Aerial bridge.

Mr. Lampert was notified Tuesday
that he was the successful bidder.
Damaged in a wind and rain
storm last summer, the two aerial
towers, 200 feet high, have not
been repaired. For the last year
the station has not been in use.
In addition to a large receiving
set, the station has a sending out-
fit.

Maxwell Phot, naval officer on
the Point, said Tuesday that he is
awaiting orders to transfer the
station to Mr. Lampert.

NOT GUILTY ON MURDER CHARGE

JURY SAYS WM. M. CREASY DID
NOT KILL SCHOOL
TEACHER

(By United Press)
Mineola, N. Y., Jan. 23.—William
M. Creasy was found not guilty of
the murder of Miss Edith Laver,
Long Island school teacher, by a
jury here today.

The jury returned a verdict at
4:10 a. m. after nine hours delibera-
tion.

Over one hundred persons were in
the court room when the jury filed
in. Fifty of these were women.
Their eyes were darkened from lack
of sleep.

Creasy was brought in a moment
or so later before Justice Gallagher
who ascended the bench.

"I am the happiest man in the
United States," Creasy said, when he
heard the verdict. Creasy's aged
father will take him back to Ken-
tucky with him.

MAYFIELD'S OPPONENTS SENSATIONAL CHARGES

Washington, Jan. 23.—Earle B. May-
field's name was placed on the actual
ballot in Texas "in flagrant contempt
and disregard of injunction orders and
the law but in obedience to the klan-
dal decree of the Knights of the Ku
Klux Klan in suppression of the law-
ful government of Texas," Mayfield's
opponents alleged in new documents
filed today with the senate committee
that will investigate Mayfield's right
to his seat.

There were 278,352 acres of Gov-
ernment homestead land left in Min-
nesota on January 1, 1924. Most of
it is in the timber district including
Lake of the Woods, Koochiching,
Rooseau, Beltrami and Clearwater
Counties and under the jurisdiction
of the U. S. Land Office at Crookston,
Minn. There is some heavy timber
in the Northwest Angle which is that
point of Minnesota that sticks up
from the north boundary west of
Lake of the Woods. Soldiers in the
late war are permitted to apply their
time in the military service as resi-
dence on a homestead.

Interested in who is paying the taxes.
"Some of us do not need to pay
taxes any more, because we lost ev-
erything we paid taxes on, but I want
to say that if the steel trust of this
country poured three or four millions
of dollars into the treasury of a state
like the state of Minnesota, they
would not help the people of the
United States. If the steel corpora-
tion of America, under the laws of
this country and under the customs
of this country, will have a right to
take back the taxes they pay from
those who buy the things they pro-
duce, that would never help us at all.
Therefore I tell both the senators
that we do not care who paid the
taxes. If Mellon paid a million dol-
lars taxes a year, they do not hurt
him at all, if he has an opportunity
to go the people of the country and
get the money back."

FELLOW LEADERS URGE WORKERS TO STAND FIRM

"FINAL VICTORY OF THE PARTY
BEST MONUMENT TO
LENIN"

CROWDS GAZE ON STILLED FEAT-
URES OF POWERFUL REVOL-
UTIONARY LEADER

(By United Press)

Moscow, Jan. 23.—While Mos-
cow is a city of black, prepared
to receive today the remains of
Nicholai Lenin, the dead prem-
ier's fellow leaders urged work-
ers, peasants and the red army
to stand firm.

"Final victory of our party will be
the best monument to Lenin," a pro-
clamation issued by the central ex-
ecutive committee said.

Lenin's body was to lie in state
here until Saturday when it will be
interred in Kremlin hall.

Tens of thousands of his followers
are to be given an opportunity to
gaze for the last time on the stilled
features of the most powerful revolu-
tionary figure of modern times.

Lenin, after a lingering illness,
died 6:50 p. m. at his villa at Gorky,
passing away while unconscious.

A cerebral hemorrhage caused par-
alysis of the respiratory organs.

(Note: An official announcement
by the Russian government confirms
United Press reports that Lenin's
death occurred exactly at 6:50 p. m.
Monday, not 5:50 as erroneously re-
ported by sources other than the
United Press.)

The chief care of Russia's present
leaders mingled with their genuine
sorrow is that there shall be no op-
portunity for enemies of the Soviet
to take advantage of Lenin's passing.

The all Russian executive commit-
tee addressed the following procla-
mation to the workers, peasants and
soldiers:

"The main order which the 11th
congress gives the Soviet government
at the death of Lenin is to protect
the workers' and peasants' union."

"Never sidestep a hairs-breadth
from Lenin's policy. This is the
principal question of our life."

The central executive committee's
proclamation was in a somewhat
similar fashion, Lenin supplement-
ed Marxism by actually creating a
proletarian dictatorship in the crea-
tion of the workers' and peasants'
union. It praises Lenin's sense
of duty and his devotion of his life
to the working classes.

"The hope of our enemies that our
party will collapse is vain. We shall
continue with iron will because it is
Lenin's party. We stand firm."

"Lenin's death will close our ranks
tighter and final victory will be the
best monument to Lenin."

CAPTAIN AND THREE MEN ON THE TACOMA KILLED BY WRECKAGE

Washington, Jan. 23.—Captain Her-
bert S. Sparrow and three men aboard
the ill-fated cruiser Tacoma, were
killed by heavy wreckage as they
stood on the main deck of the ship at
daybreak on January 21, a report from
John Q. Wood, American consul at
Vera Cruz, received at the navy de-
partment here today stated.

The dead are:
Captain Herbert S. Sparrow, Green-
wich, Conn.

Edward T. Herrick, Framington,
Mass., radio operator second class.

Homer Harry Lussier, Bristol, Conn.,
radio operator first class.

Solomon Sivin, New York, radio op-
erator third class.

"The ship was finally abandoned by
all hands about 10 in the morning,"
Wood said.

The rescued men are now on board
the navy tug Allegheny and Bay
String and efforts will be made to-
morrow to remove the dead.

The wireless operator of a tug told
about trying to get the U. S. S. Omaha
and Richmond all day without success.

SINCLAIR WON'T COME BACK UNTIL HE FEELS LIKE IT

MILLIONAIRE OIL MAN AND LES-
SEE OF TEAPOT DOME GIVES
INTERVIEW

WILL CONFER WITH HUGO
STINNES, INDUSTRIAL MAG-
NATE OF GERMANY

Congress Today
By United Press

Washington, Jan. 23.—Senator
Caraway to ask action on Teapot
Dome resolution.
Russian hearings continue.
Consider interior department
appropriations bill.
Muscle Shoals hearing contin-
ues.

Naval affairs committee consid-
ers Britten bill in public works.
Ways and means committee
considers tax reduction.

Havre, France, Jan. 23.—"I
have no intention of returning
to the United States until my
business here is finished."

Harry F. Sinclair, millionaire oil
man and lessee of the now far famed
Teapot Dome oil reserve made this
reply to the United Press when it
informed him of the senate investi-
gating committee's desire to have
him get back to Washington as soon
as possible for further questioning.

"I have many interests in Ger-
many," he explained.

"I intend while there to introduce
a partnership with Hugo Stinnes in
oil exploitation. I will probably
have to remain in Europe for several
weeks. I didn't run away from
Washington. The senate committee
dismissed me."

Sinclair, upon his arrival here
aboard the Paris, was informed by
the United Press of the latest turn
in the senate Teapot Dome investi-
gating committee including the in-
tention of his attorneys to cable him
to return.

"I am willing to testify again be-
fore the senate committee," he said,
"but I cannot leave immediately be-
fore urgent business which brought
me here is finished. I am not run-
ning. I have already denied these
charges under oath and I will repeat
the denials at my convenience."

Sinclair discussed briefly the ac-
tion of Archie Roosevelt in review-
ing his position with the Sinclair oil
company and in giving somewhat
sensational testimony before the senate
committee.

"I was not aware," said the oil
man, "that Roosevelt intended to re-
sign. I have known him for five
years and he went with me to Rus-
sia last year. I did not bring the
company books to Europe as Roose-
velt intimated. I never loaned Fall
any money. Perhaps McLean did."

Secretary Denby is not connected
with my company in any way," Sin-
clair said as he left for Paris.

TEAPOT DOME FIGHT IN SENATE

Washington, Jan. 23.—The fight
to invalidate the lease of the Teapot
Dome naval reserve created by form-
er Secretary of the Interior Fall broke
out on the senate floor today.

Senator Caraway, Arkansas, demo-
crat, who charges "corruption" in
connection with the lease moved that
the public lands committee be re-
lieved of further consideration of his
resolution abrogating the lease and
that the senate take it up.

ALBERT B. FALL TO TESTIFY SOON

New Orleans, Jan. 23.—Albert B.
Fall, former Secretary of the Interior,
left New Orleans for Washington to-
day to tell his part in the Teapot
Dome leasing.

He left at 8:30 a. m. over the
Louisville and Nashville road. On
the same train was Col. J. W. Severly,
attorney for Harry F. Sinclair, who

FIRE SWEEPS VERMONT TOWN; MANY HOMELESS

(By United Press)
Lyndonville, Vt., Jan. 23.—Seven
persons are believed dead and 10
seriously injured in a fire which
swept through the poorer district
here today. More than 40 families
have been made homeless. The
fire destroyed the greater part of
the town's business section and
swept the tenement district.

Occupants of the houses were
driven to the street in a tempera-
ture of 15 degrees below zero.

TREATY BETWEEN U. S. AND BRITAIN FIXES BOOZE LINE

NEW BOUNDARY AGREEMENT
SIGNED BY 2 GOVERNMENT
REPRESENTATIVES

3 MILE LIMIT EXTENDED TO "AN
HOUR'S STEAMING" AT
SEA

(By United Press)

Washington, Jan. 23.—The
treaty between the United States
and Great Britain fixing a new
booze boundary for this country
was signed today by Secretary
of State Hughes and Auckland
Geddes, retiring British ambas-
sador to Washington.

The treaty provides for an extension
of the three mile limit of American
jurisdiction at sea to the distance cov-
ering "an hour's steaming" to facili-
tate apprehension of rum runners by
American authorities.

The same extension applies theo-
retically to British ports for preven-
tion of smuggling, etc.

negotiated the lease for the Sinclair
interests.

Fall and Sinclair expect to reach
Washington late Thursday.

RUSSIAN RED INTERNATIONALE

Washington, Jan. 25.—The work-
ers party of America guided by the
Russian red internationale ordered
its members in 1923 to "undertake
propaganda with the American Leg-
ation and the army and navy with a
view to procuring arms and ammu-
nition for an armed revolution against
the American government," A. W.
Klefoth, department of justice, testi-
fied before the Borah committee in-
vestigating the alleged Russian propa-
ganda.

BOK PEACE AWARD RESOLUTION HELD UP

Washington, Jan. 23.—An attempt
by Senator Reed, Missouri, to show
the Bok peace award jury "had been
picked in favor of the League of Na-
tions" was held up today in the sen-
ate committee investigating propa-
ganda, when Senator Caraway, demo-
crat of Arkansas, objected on the
grounds that the resolution creating
the committee did not authorize it.

Reed questioned Miss Esther Lape,
executive head of the peace award
in an effort to discover whether it
was not known that members of the
policy committee and the jury itself
were either supporters of the League
of Nations or at least were not op-
posed to it.

NEW OFFER FOR MUSCLE SHOALS

Washington, Jan. 23.—Secretary
of War Weeks today sent to congress
an offer for Muscle Shoals made by
the Union Carbide company of New
York.

The offer contemplates manufac-
ture of fertilizer and use of a portion
of the power developed at Muscle
Shoals. The company wants to use
approximately 50,000 horse power.

Weeks believes this offer might be

MAGNUS MAKES BOW AS SENATE SPEAKER, HITS MELLON PLAN

URGES INCOME TAX RETURN
PUBLICITY IN MAIDEN
EFFORT

REFERS TO PERSONAL PROPER-
TY PUBLICITY IN MINNE-
SOTA

Washington, Jan. 23.—Publi-
city of income tax returns was
urged by Senator Magnus John-
son of Minnesota in his maiden
effort at speech-making in the
United States senate.

The junior Minnesota senator talk-
ed only a few minutes and jumped
in a free-for-all attack on the Mellon
plan which was launched by Senator
J. A. Reed of Missouri. The debate
lasted for more than two hours.

"God knows, we need more publi-
city," Senator Johnson said in indors-
ing a speech by Senator G. W. Nor-
ris of Nebraska for more information
about tax returns. "And there is
going to be more publicity," he shout-
ed, "if the progressive forces of this
country have anything to say about
it in this session of congress."

Heated Tilt Marks Debate

In addition to Senators Reed and
Norris, Senators T. H. Caraway, H.
F. Ashurst and James Couzens deliv-
ered tirades against the Mellon plan.
Senator D. A. Reed of Pennsylvania
sought to defend Secretary of the
Treasury A. W. Mellon and engaged
in a heated tilt with the Michigan
senator.

There was keen interest when
Senator Johnson gained recognition.
Only a few senators previously had
heard him speak. At the outset,
Magnus explained he intended talk-
ing only a few minutes, but that lat-
ter he will have a lot to say about tax
legislation. Among other things he
wants to find a way to prevent the
rich corporations from passing their
taxes along to consumers.

"I am for publicity," Senator John-
son said, "and I know we will have
it. I am indeed glad the secretary
of the treasury stirred up something
when he proposed the Mellon scheme.
In the great progressive state of
Minnesota we have had publicity
lately. I know that perhaps there
are other states in this great union
which today are publishing the per-
sonal property tax reports, and I
know the nation at large should give
more publicity to them."

Recalls Philadelphia Reception

"I was of the impression the judges
of the courts in this country were
not in politics. When the other day
in Philadelphia, I stated that the
Mellon tax plan would not go
through the way he proposed it, I
was hissed. That is all right.

"I did not kick on that, but I real-
ly kicked, when I got through speak-
ing, the chief justice of the supreme
court of that great state of Pennsylv-
ania getting up and saying, 'We are
going to see to it that the Mellon
tax plan does go through, and if con-
gress at this session does not put it
through, we will see to it that the
next congress will put it through.'"

"This is mighty interesting when
we are talking about investigations,
and so forth. We got after the steel
trust, that big corporation that was
mentioned only a few moments ago
by one or two speakers. I have had
something to do about the steel trust
in the state of Minnesota. We put
a tax upon it. Of course they squeal-
ed, and they tried to evade it by go-
ing into the state supreme court, and
also the supreme court of the United
States; but we licked them on that
proposition.

Interested in Who's Paying Taxes

"I intend to take an interest in
these tax debates, but I could just as
well inform the senator from Michi-
gan (Mr. Couzens) and also the sen-
ator from Pennsylvania (Mr. Reed)
that so far as the country people are
concerned, and especially the farmers
—because I am one of them—we are

GOVERNMENT SELLS "RADIO SHACK" ON MINNESOTA POINT

Duluth, Jan. 23.—The United
States navy department's "radio
shack" on Park Point is no more.
Placed on the auction block, to-
gether with other stations on the
Great Lakes, the department has
accepted the \$580 bid submitted by
Frank Lampert, 720 Minnesota
Ave., operator of the Aerial bridge.
Mr. Lampert was notified Tuesday
that he was the successful bidder.

Damaged in a wind and rain
storm last summer, the two aerial
towers, 200 feet high, have not
been repaired. For the last year
the station has not been in use.
In addition to a large receiving
set, the station has a sending out-
fit.

Maxwell Phol, naval officer on
the Point, said Tuesday that he is
awaiting orders to transfer the
station to Mr. Lampert.

NOT GUILTY ON MURDER CHARGE

JURY SAYS WM. M. CREASY DID
NOT KILL SCHOOL
TEACHER

(By United Press)
Mineola, N. Y., Jan. 23.—William
M. Creasy was found not guilty of
the murder of Miss Edith Laver,
Long Island school teacher, by a
jury here today.

The jury returned a verdict at
4:10 a. m. after nine hours delibera-
tion.

Over one hundred persons were in
the court room when the jury filed
in. Fifty of these were women.
Their eyes were darkened from lack
of sleep.

Creasy was brought in a moment
or so later before Justice Gallagher
who ascended the bench.

"I am the happiest man in the
United States," Creasy said, when he
heard the verdict. Creasy's aged
father will take him back to Ken-
tucky with him.

MAYFIELD'S OPPONENTS SENSATIONAL CHARGES

Washington, Jan. 23.—Earle B. May-
field's name was placed on the actual
ballot in Texas "in flagrant contempt
and disregard of injunction orders and
the law but in obedience to the klau-
der decree of the Knights of the Ku
Klux Klan in suppression of the law-
ful government of Texas," Mayfield's
opponents alleged in new documents
filed today with the senate committee
that will investigate Mayfield's right
to his seat.

There were 278,352 acres of Gov-
ernment homestead land left in Min-
nesota on January 1, 1924. Most of
it is in the timber district including
Lake of the Woods, Koochichewig,
Roseau, Beltrami and Clearwater
Counties and under the jurisdiction
of the U. S. Land Office at Crookston,
Minn. There is some heavy timber
in the Northwest Angle which is that
point of Minnesota that sticks up
from the north boundary west of
Lake of the Woods. Soldiers in the
late war are permitted to apply their
time in the military service as resi-
dence on a homestead.

Interested in who is paying the taxes.

"Some of us do not need to pay
taxes any more, because we lost ev-
erything we paid taxes on, but I want
to say that if the steel trust of this
country poured three or four millions
of dollars into the treasury of a state
like the state of Minnesota, they
would not help the people of the
United States. If the steel corpora-
tion of America, under the laws of
this country and under the customs
of this country, will have a right to
take back the taxes they pay from
those who buy the things they pro-
duce, that would never help us at all.
Therefore I tell both the senators
that we do not care who paid the
taxes. If Mellon paid a million dol-
lars taxes a year, they do not hurt
him at all, if he has an opportunity
to go to the people of the country and
get the money back."

FELLOW LEADERS URGE WORKERS TO STAND FIRM

"FINAL VICTORY OF THE PARTY
BEST MONUMENT TO
LENIN"

CROWDS GAZE ON STILLED FEAT-
URES OF POWERFUL REVOLU-
TIONARY LEADER

(By United Press)

Moscow, Jan. 23.—While Mos-
cow is a city of black, prepared
to receive today the remains of
Nicholai Lenin, the dead prem-
ier's fellow leaders urged work-
ers, peasants and the red army to
stand firm.

"Final victory of our party will be
the best monument to Lenin," a pro-
clamation issued by the central exe-
cutive committee said.

Lenin's body was to lie in state
here until Saturday when it will be
interred in Kremlin hall.

Tens of thousands of his followers
are to be given an opportunity to
gaze for the last time on the stilled
features of the most powerful revolu-
tionary figure of modern times.

Lenin, after a lingering illness,
died 6:50 p. m. at his villa at Gorky,
passing away while unconscious.

A cerebral hemorrhage caused par-
alysis of the respiratory organs.

(Note: An official announcement
by the Russian government confirms
United Press reports that Lenin's
death occurred exactly at 6:50 p. m.
Monday, not 5:50 as erroneously re-
ported by sources other than the
United Press.)

The chief care of Russia's present
leaders mingled with their genuine
sorrow is that there shall be no op-
portunity for enemies of the Soviet
to take advantage of Lenin's passing.

The all Russian executive commit-
tee addressed the following procla-
mation to the workers, peasants and
soldiers:

"The main order which the 11th
congress gives the Soviet government
at the death of Lenin is to protect
the workers' and peasants' union.

"Never sidestep a hairs-breadth
from Lenin's policy. This is the
principal question of our life."

The central executive committee's
proclamation was in a somewhat
similar fashion. Lenin supplement-
ed Marxism by actually creating a
proletarian dictatorship in the crea-
tion of the workers' and peasants'
union. It praises Lenin's sense
of duty and his devotion of his life
to the working classes.

"The hope of our enemies that our
party will collapse is vain. We shall
continue with iron will because it is
Lenin's party. We stand firm."

"Lenin's death will close our ranks
tighter and final victory will be the
best monument to Lenin."

CAPTAIN AND THREE MEN ON THE TACOMA KILLED BY WRECKAGE

Washington, Jan. 23.—Captain Her-
bert S. Sparrow and three men aboard
the ill-fated cruiser Tacoma, were
killed by heavy wreckage as they
stood on the main deck of the ship at
daybreak on January 21, a report from
John Q. Wood, American consul at
Vera Cruz, received at the navy de-
partment here today stated.

The dead are:
Captain Herbert S. Sparrow, Green-
wich, Conn.

Edward T. Herrick, Framington,
Mass., radio operator second class.

Homer Harry Lusier, Bristol, Conn.,
radio operator first class.

Solomon Sivin, New York, radio op-
erator third class.

"The ship was finally abandoned by
all hands about 10 in the morning,"
Wood said.

The rescued men are now on board
the navy tugs Allegheny and Bay
String and efforts will be made to-
morrow to remove the dead.

The wireless operator of a tug told
about trying to get the U. S. S. Omaha
and Richmond all day without success.

MINNESOTA AND NORTHWEST BRIEFS

(By United Press) Nonpartisan County Conventions Fargo, N. D., Jan. 23.—Nonpartisan county conventions to select delegates to the convention next month in Bismarck are in session today.

The state convention at Bismarck is expected to outline the policy of the league for the year and draft a ticket for the March primary.

There may be some discussion of the indorsement for President Coolidge by Roy Fraser, state chairman of the republican state central committee and by Senator E. F. Ladd.

Some of the Nonpartisan newspapers of the state who have taken issue on the subject and Mrs. C. A. Fisher of Valley City, who has been prominent in the women's club work, does not approve the indorsement.

Report on Illiteracy Mandan, N. D., Jan. 23.—A report on the national illiteracy council meeting at Washington, D. C., by Mrs. L. N. Cary, state president of the federated clubs in North Dakota, will feature the state executive committee meeting today and Thursday.

In addition to the committee women, other prominent club workers in the state are expected. The Mandan federation will give the visitors a banquet at the Lewis and Clarke hotel.

Among the aims of the club this year will be elimination of illiteracy which has already been fast reduced in the past few years in this state.

Home Garment Making St. Paul, Jan. 23.—Improved home practices in garment making have been achieved by 19,467 women of Minnesota during the last year through the work of specialists in the home.

TWELVE TO ONE

A simple rule.

Easy to remember and easy to practice, yet over half the trouble in burning coal is caused by violation of this rule. The rule is—it requires 12 pounds of air properly mixed with every pound of coal for complete combustion.

Only about 8 pounds of air can come up through the fire; consequently, about 4 pounds of air, which is a lot of air, must be brought in over the fire.

Now, CONSOLIDATION ELKHORN and ZEHLER NUT are fool-proof coals—they will burn in almost any kind of a furnace under almost any kind of conditions—because they are 95% pure combustible material, contain less than 3% ash, and their gases are rich in combustible elements. Just try this wonder fuel on our recommendation.

MINNESOTA AND NORTHWEST BRIEFS

(By United Press)
Nonpartisan County Conventions
Fargo, N. D., Jan. 23.—Nonpartisan county conventions to select delegates to the convention next month in Bismarck are in session today.

The state convention at Bismarck is expected to outline the policy of the league for the year and draft a ticket for the March primary.

There may be some discussion of the indorsement for President Coolidge by Roy Fraser, state chairman of the republican state central committee and by Senator E. F. Ladd.

Some of the Nonpartisan newspapers of the state who have taken issue on the subject and Mrs. C. A. Fisher of Valley City, who has been prominent in the women's club work, does not approve the indorsement.

Report on Illiteracy
Mandan, N. D., Jan. 23.—A report on the national illiteracy council meeting at Washington, D. C., by Mrs. L. N. Cary, state president of the federated clubs in North Dakota, will feature the state executive committee meeting today and Thursday.

In addition to the committee women, other prominent club workers in the state are expected. The Mandan federation will give the visitors a banquet at the Lewis and Clarke hotel.

Among the aims of the club this year will be elimination of illiteracy which has already been fast reduced in the past few years in this state.

Home Garment Making
St. Paul, Jan. 23.—Improved home practices in garment making have been achieved by 19,467 women of Minnesota during the last year through the work of specialists in the home.

demonstration office of the extension division, department of agriculture, University of Minnesota, according to a report published by the extension division of the University of Minnesota.

These women were distributed among 36 counties and 338 communities participated under the direction of 773 local workers. These local leaders studied under the direction of extension specialists and home demonstrators and then passed the work on to local groups, giving 1,578 demonstrations with a total attendance of 20,549.

In the course of the demonstrations 1,838 garments were made, 1,576 patterns for garments and toys were cut out, and 252 garments were remodeled, the report said.

EYE TROUBLE

The optic nerve does not leave the cranium. Some suppose, for that reason, that adjustments are of no value in eye trouble. They are, however, and we invite you to read what Mr. Paul Hillis of Newark, N. J., has to say in the CHIROPRACTIC EDUCATOR. Read carefully when it reaches you and you will be convinced that adjustments do relieve the cause of eye trouble.

TWELVE TO ONE

A simple rule.

Easy to remember and easy to practice, yet over half the trouble in burning coal is caused by violation of this rule. The rule is—it requires 12 pounds of air properly mixed with every pound of coal for complete combustion.

Only about 8 pounds of air can come up through the fire; consequently, about 4 pounds of air, which is a lot of air, must be brought in over the fire.

Now, CONSOLIDATION ELKHORN and ZEIGLER NUT are fool-proof coals—they will burn in almost any kind of a furnace under almost any kind of conditions—because they are 95% pure combustible material, contain less than 3% ash, and their gases are rich in combustible elements. Just try this wonder fuel on our recommendation.

FIRST AID BY BOY SCOUTS

Instructive Address Delivered at
School of Instruction by Dr.
R. A. Beise

FIVE TESTS PUT IN PRACTICE

County Surveyor Louis Knudsen
Spoke on Uses of the
Compass

Dr. R. A. Beise gave the men who are taking the Boy Scout course in leadership some excellent advice in rendering first aid to the injured at the regular meeting of the class on Tuesday evening.

The doctor took up only the subjects of elementary first aid, and will continue with advance aid in his next lecture two week hence. He followed the outline used officially by the Boy Scouts which among other things teaches that in first aid, the rescuer should put into practice five tests, one each on five subjects, viz consciousness, color, respiration, pulse and temperature of the patient.

The first two of the above are the easiest to decide upon under ordinary circumstances. Respiration normally, said the speaker is 15 or 20 breaths per minute, the pulse beats between 70 and 80 times per minute, although in some cases it drops as low as 50 and in others goes as high as 100 per minute. The normal temperature of the body is 98 and 3-5 degrees.

Dr. Beise took up cases that are ordinarily met, such as fainting, shock, bleeding, head injuries, poisoning, and sunstroke, giving the symptoms, care and treatment for first aid in each. The proper and improper use of the tourniquet to arrest bleeding was explained in detail.

Among the important points dwelt upon by the Boy Scout manual on first aid, is to give comfort as well as treatment to the sufferer, and to do it with a smile. The doctor advised his hearers that in case of injury one of the principal requisites is that the rescuer shall be calm and shall keep his wits.

County Surveyor Louis Knudsen gave a very interesting address on the use of the compass, which is a very practical knowledge to possess in a timber country such as ours. Mr. Knudsen traced the history of this little instrument from China, where it originated to Europe, to which continent it was taken by the

celebrated explorer Marco Polo.

The first compass was the mariners' compass, and was instrumental in charting the unknown seas and in laying out courses for ships. The compass that is more universally known is the surveyor's compass, which is not as complicated as the seaman's instrument.

Deflections of the needle and their causes were explained by Mr. Knudsen, who stated that at some points on the Cuyuna Iron range there is more deflection than has been found on the Missaba range.

Every traveler or hiker, said the speaker, should include in his kit a small magnet and a large darning needle. If he should become lost and had no other means of locating directions an efficient compass can be made by magnetizing one point of the needle and placing it on a small chip of wood or a cork in a cup of water. The magnetized end of the needle will swing around to the north.

The evening's program opened with troop formations and setting up exercises, the latter lead by Axel Anderson. Scout songs were sung and an old time melodrama staged by way of diversion.

Many new members were added to the class on Tuesday evening. All who attend are very enthusiastic over the courses that are being given, which are of a practical nature and well worth the time and effort that it takes to learn them.

Scout Executive E. W. Stimple announced that the home reading for next Tuesday's meeting is found in chapter 5 of the annual, on the subjects of signaling and tracking.

METHODIST CHURCH NIGHT

Members and Friends to Gather at
Church on Thursday
Evening

The Methodist church has instituted this year what they call "Church Night" at which the members and friends gather for social and religious purposes. The meeting is held on Thursday evening of each week and begins with a supper at 6:30 o'clock. The supper is provided by each family contributing some part under the general direction of Mrs. G. E. Senn, the president of the Ladies Aid society.

There is no charge for the supper, but those who cannot conveniently furnish food have the privilege of making a contribution to cover expense. The supper is interspersed with sociability and song. Following the supper is a twenty minute devotional period. This in turn is followed by a thirty minute study

"The World Service of the Methodist Church."

At eight o'clock the company breaks up into various groups of committees, choir practice, etc. The meetings are proving a success and growing in interest. Some special features are planned for this week. The menu for Thursday night is macaroni and round steak, mashed potatoes, bread and butter, pickles, cake, tea, coffee or postum.

Apple Pie

It is essential to have all materials and utensils cold, and to use cold water if you wish to have a crisp, flaky pie crust. Add the water very slowly, as too much water gives a tough crust. If the shortening is warm and too little water used, the crust will crumble. Handle the dough very lightly and as little as possible.

1½ cups bread flour 1 teaspoon baking powder
or 1½ cups pastry flour ½ cup shortening
½ teaspoon salt Cold water
Sift flour, salt and baking powder together. Cut in the shortening. Add enough cold water to make stiff dough. This amount will make one two-crust pie, or two one-crust pies.

Sprinkle the apples with sugar and cinnamon and dot over with bits of butter. With a knife or fork make openings in the top crust to let out the steam. Have the oven hot (450) at first. Lower the temperature after about 10 minutes and let it cook more slowly. Bake about 40 minutes in all.

of a family of thirteen children.

He came West at the age of 18 years and on September 1st, 1884 married Miss Mary Dwyer. To this union were born four children, one son, Everett, who died some years ago, and three daughters, Miss Nora Marco, a nurse at Rochester, Gertrude B. of Minneapolis, and Ruth M., who resides at home. The family has lived in Brainerd for the past 23 years.

Mr. Marco was of a kindly disposition and centered all of his interests in his family circle. A devoted Catholic, his daily life was an inspiration to his neighbors and fellow workmen.

He held membership in the Catholic Order of Foresters, the United Order of Foresters and the Holy Name Society.

The funeral will be held from St. Francis Catholic church on Thursday at 8:20 a. m. Rev. Father James Hogan officiating. Interment will be made in Evergreen cemetery.

The family have the sincere sympathy of the community in their sad bereavement.

SMOKE---WATER FUR SALE

We have made a satisfactory settlement with the insurance adjusters on our recent fire loss and we will not waste much time in closing out the stock in the quickest possible time, as an entire new stock will arrive here shortly.

Fur Garments Damaged Only by Smoke & Water

If you were not aware that we had a fire, you would hardly be able to detect the display of Fur Garments from new stock, as the only damage done was by Smoke and Water. The garments themselves were not touched by the fire, as the blaze was confined in the basement, causing a large volume of smoke and the firemen poured in an immense amount of water to subdue the smoke.

Sale Started Tuesday, Jan. 22 at 9:30 A. M.

This gigantic sale of high class Women's Fur Garments includes COATS, WRAPS and CHOKERS and is one of the biggest value giving events ever held in this section of the state. We are not going to quote any prices, as they would not give you a correct idea of the tremendous bargains. You will have to see the values for yourself to fully appreciate the substantial savings.

Whether you need a garment now or not, buy for the future, as it is seldom indeed you have an opportunity to share in such a worth while sale.

Handle the dough very lightly and as little as possible. 1½ cups bread flour 1 teaspoon baking or 1¼ cups pas- powder try flour ½ cup shortening ½ teaspoon salt Cold water Sift flour, salt and baking powder together. Cut in the shortening. Add enough cold water to make stiff dough. This amount will make one two-crust pie, or two one-crust pies.

Sprinkle the apples with sugar and cinnamon and dot over with bits of butter. With a knife or fork make openings in the top crust to let out the steam. Have the oven hot (450) at first. Lower the temperature after about 10 minutes and let it cook more slowly. Bake about 40 minutes in all.

JOSEPH H. MARCO DIED

Sick But a Day, Leaves Wife and 3
Children—Funeral to be Held
Thursday

Joseph H. Marco, of 701 Second avenue, N. E., who died Monday night after a day's illness, was born in Clinton, Maine, in 1861, the third

of a family of thirteen children.

He came West at the age of 18 years and on September 1st, 1884 married Miss Mary Dwyer. To this union were born four children, one son, Everett, who died some years ago, and three daughters, Miss Nora Marco, a nurse at Rochester, Gertrude B. of Minneapolis, and Ruth M., who resides at home. The family has lived in Brainerd for the past 23 years.

Mr. Marco was of a kindly disposition and centered all of his interests in his family circle. A devoted Catholic, his daily life was an inspiration to his neighbors and fellow workmen.

He held membership in the Catholic Order of Foresters, the United Order of Foresters and the Holy Name Society.

The funeral will be held from St. Francis Catholic church on Thursday at 8:20 a. m., Rev. Father James Hogan officiating. Interment will be made in Evergreen cemetery.

The family have the sincere sympathy of the community in their sad bereavement.

Salvation Army Thursday

The Home League of the Salvation Army meets at 2 o'clock Thursday afternoon at the Army hall. The corps cadet training class meets at 4:30 o'clock. The Young Peoples meeting is held at 8 o'clock in the evening.

Adjutant Henry Olthoff is at St. Joseph's hospital recuperating from an attack of diabetes and is expected to soon join the Army staff.

Why They Parted

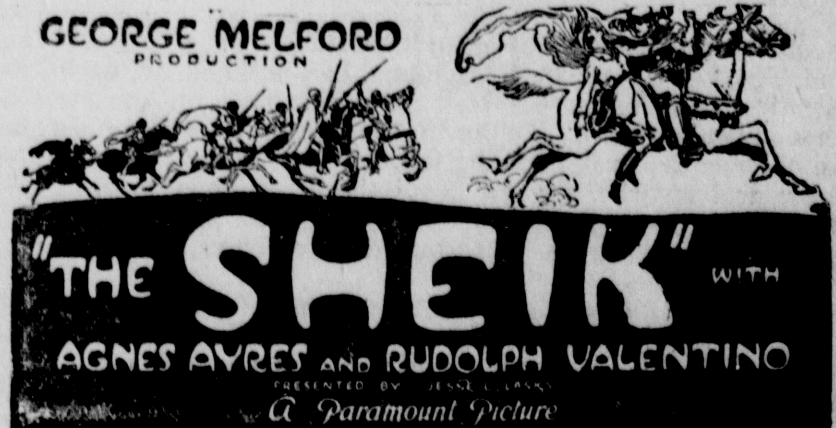

"I was down with pain in my right side which at times almost crazed me. Most all of the doctors said operation. But what I want to tell you is the pain disappeared with the first dose of your medicine and I never see any since. Mayr's Wonderful Remedy has the right name—gas, sour stomach and dyspepsia have left, too." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. SMOKE---WATER FUR SALE

We have made a satisfactory settlement with the insurance adjusters on our recent fire loss and we will not waste much time in closing out the stock in the quickest possible time, as an entire new stock will arrive here shortly.

Fur Garments Damaged Only by Smoke & Water

If you were not aware that we had a fire, you would hardly be able to detect the display of Fur Garments from new stock, as the only damage done was by Smoke and Water. The garments themselves were not touched by the fire, as the blaze was confined in the basement, causing a large volume of smoke and the firemen poured in an immense amount of water to subdue the smoke.

Sale Started Tuesday, Jan. 22 at 9:30 A. M.

This gigantic sale of high class Women's Fur Garments includes COATS, WRAPS and CHOKERS and is one of the biggest value giving events ever held in this section of the state. We are not going to quote any prices, as they would not give you a correct idea of the tremendous bargains. You will have to see the values for yourself to fully appreciate the substantial savings.

Whether you need a garment now or not, buy for the future, as it is seldom indeed you have an opportunity to share in such a worth while sale.

THE MELLON-COUZENS CONTROVERSY

THE correspondence carried on by Secretary of the Treasury Mellon and Senator Couzens of Michigan has reached an acrid stage. Senator Couzens in his last communication on the tax question has appealed to Mr. Mellon to decide which are the most productive enterprises to put money into:

"Schools, waterworks, sewers, hospitals, good roads, lighting plants, street railways and colleges; or theatres, ball parks, breweries, distilleries, cosmetic and chewing gum factories, and office buildings.

"The country would be glad to have your opinion and I urge you to give it to us," continues Senator Couzens. "You have failed to accept my invitation to debate publicly the questions, and I repeat my invitation."

It may be stated that Secretary Mellon is no public speaker, not even an after dinner orator. But he can write. In his letter to Senator Couzens last Tuesday, Mr. Mellon cited the stagnancy of railroad stocks as one proof that it is difficult to get money into productive enterprises.

Senator Couzens replied by declaring the reason people won't buy railroad stocks is that the railroads are "constantly crying about and exhibiting their poverty. The purpose of this campaign is of course," he said, "to increase freight rates."

The Michigan senator also declared there was plenty of money now going into building activities and cited figures to show there was more building in 1923 than in 1921.

RADIO RELIGIONISTS

HUMORISTS like H. I. Phillips, write entertainingly of the radio religionists, but the subject is no joke to churchmen. Radio enthusiasts are daily taking their religion by wireless, imagining that by merely listening in they are performing all their churchly duties. Merely hearing a good sermon or a good singer or quartet has but little result on a radio churchgoer, unless the sermon or song penetrates his consciousness and induces him to carry out the churchly precepts conveyed.

Radio religion can never take the place of a real church, because the minister talking in the ether may throw out a good message, but he has no way of checking up his nation-wide congregation to see if his plea is converted into action and he is not certain whether his listener continues to hear him or has switched off to something more interesting.

And what financial support is obtained from a radio religionist? Does he give of his substance to support the church whose minister broadcasts sermons? The whole subject is a novel one, but the serious part of it comes when a man shuns his local church, which waits open-armed to receive him and his influence, and disregards it for a light, ethereal brand whose only sacrifice in acquiring it consists in "tuning in" right.

"Too many people," says Phillips, "think all they need to be church members in good standing is 100 feet of wire, a couple of bulbs and an earset."

ARTICLES ON DULUTH

THE Duluth News Tribune is running a series of articles on "Duluth, Its Assets, Its Needs." Duluth citizens outline the assets which have contributed to the rapid growth of the city and detail the needs which, in their opinion, are vital to continue the progress of the community.

W. L. Smithies, executive secretary of the Duluth Council of Churches, ninth writer in the symposium, says Duluth's best assets are its location, climate and citizenship, but the greatest of these is its citizenship.

"Duluth needs a system of week-day religious education on a community basis. When our people fully realize that surveys indicate that about one-half of our children and young people receive no religious instruction at all, in home, church or school, they will demand action. The high plane of our future citizenship is at stake."

INFANTILE STUFF

THE St. Paul Pioneer Press of Sunday, January 20, in its rotogravure section carried a picture of Tom Wood, with head ensconced in a baby's puckered cap, one finger in his eye and his face carrying a picture of woe, to which was added this script:

"Tom Wood, formerly a Brainerd, Minn., 'baby,' now does infantile stuff for the movies at Hollywood. He is the fattest baby in the colony—weighs 385 pounds."

Tom's first assignment in the movies years ago was playing a heavy lead opposite Charlie Chaplin in "Sunnyside."

THEY GOT NOWHERE

THE senate special committee in its investigation of the Bok peace plan seems to have gotten nowhere. The donor of the peace plan award told the committee plainly that he considered the money details "his own business." He denied knowing the winner of the prize award.

He declared every cent of the expenses of the contest had been defrayed by him personally, but refused to name the total amount spent. He said 7,000,000 copies of the prize plan had been printed for distribution. The senate committee examination of Mr. Bok is to be continued.

CONGRESS has proceeded to investigate Lieutenant Wood because he is said to have made \$800,000 on Wall street. It's unusual that no investigation is ever made of any of the sheep who lose their all when they are fleeced on the wrong side of the market.

WHAT honors some men strive for! One New Yorker holds the record of eating the most "hot dog." A Kansas City "spaghet" eater wins the championship in his particular line by stowing away 10,584 feet of the Italian asparagus.

THE common cigaret is not an innocuous affair. One carelessly dropped by a customer on the counter of a clothing store in Minneapolis was blamed by fire marshals for a \$25,000 blaze which swept through a three-story business block.

SINCLAIR WON'T COME BACK UNTIL HE FEELS LIKE IT

used in conjunction with some of the other proposals.

He has conferred with a senator, he said, who said one of his constituents is prepared to make an offer as good as that of Henry Ford or better. He did not name the senator.

COOLIDGE MESSAGE ON WHEAT SITUATION

Washington, Jan. 23.—President Coolidge today sent congress a special message on the acute situation he said exists in the wheat growing sections of the northwest.

"The economic situation in certain wheat growing sections of the northwest is reaching an acute stage that requires organized co-operation on the part of the federal government and the local institutions of that territory for its solution," the president said.

Mr. Coolidge recommended as remedial measures:

1. Refunding of the present past due indebtedness of the farmers in the territory most seriously affected.

2. Financial aid through a federal agency to enable the wheat growing farmers to make a change from a single crop system to diversified farming.

3. Restoration wherever it would be helpful of the entire banking capital and banking institutions in the distressed sections.

4. Creation by private capital of a substantial financial corporation to assist in the plan of bank reorganization.

5. Extension December 31, 1924 of the power of the war finance corporation to make laws. This power expires March 31.

The president pointed out some arrangement must be made that will insure money loaned by the government reaching the farmer and not being swallowed up immediately by the creditors. Loans of that sort will not be a help to the farmers, he said.

He urged business in the regions affected including merchants and insurance companies and the like to co-operate in every way to help the farmers.

Discussing the situation confronting the wheat farmers the president said:

"Great numbers of individual farmers are so involved in debt both on mortgages and to merchants and banks that they are unable to preserve their property. They are unable to undertake the diversification of farming that is fundamentally necessary for sound agricultural reconstruction of the area. They are unable to meet their obligations and thereby have involved the entire mercantile and banking interests of these areas.

"Not only have there been large numbers of foreclosures on farms but there are great numbers of farmers who are continuing in possession on sufferance from their creditors. There have been large and increasing bank failures. Bills have been introduced

providing for the lending by the federal government of moneys directly to the farmers for the purpose of assisting them in conversion of their farms on the basis of diversified farming. I am heartily in favor of these bills but they do not and will not compass the entire problem.

"Many of the farmers are, however, in such jeopardy from the creditors that even with this assistance there is no assurance that they would have a sufficient period in which to work out the necessary conversion of their methods and it would be useless to give to this group such governmental assistance if it is to be only for prevention of immediate seizure by the creditors.

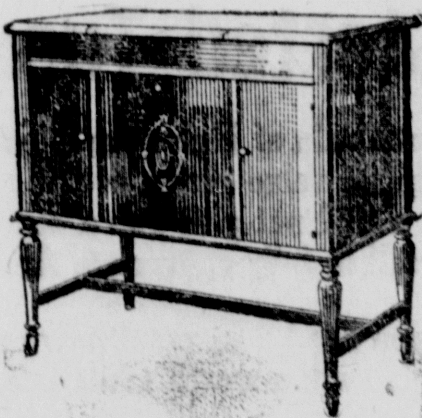

"Such legislation therefore will be of little avail unless arrangements have been perfected between the farmers and his creditors by the funding of past due indebtedness or by similar means so that the loan will result to the benefit of the farmer himself instead of merely to the benefit of his creditors. If such arrangements can be made the farmer can be given the opportunity to work out his present difficulty. If they are not made it is difficult to say how he can benefit from the plan."

AIM TO GET NEW HOSPITAL

N. E. Brainerd Improvement League Makes Bid For Federal Tuberculosis Hospital

RICHARD ILSE CHAIRMAN

President Elmer L. Dahl Makes His Opening Address at Session

It was called to the attention of the Northeast Brainerd Improvement League, at its meeting on Tuesday night, that General Hines, chief of the U. S. Veterans Bureau, has recommended to congress that a hospital, costing \$1,500,000 be established in the Northwest district, known as District 10, for the care of tuberculosis patients.

Other cities have already started moves, it is said, to secure this institution for their localities, and a committee headed by Richard Ilse was appointed from the League to appear before other local civic organizations and discuss the advisability of Brainerd attempting to secure the hospital for this vicinity. This is already the headquarters for the vocational training of veterans of the district, and is known as a veterans center.

In opening Tuesday evening's meeting, President Elmer L. Dahl requested the same hearty cooperation of the members during the coming year that was given the retiring president, Richard Ilse. Mr. Dahl stated that, although the League is small, and at times its work seems to fall on a few members, it is an institution here to stay and will add to the accomplishments it already has to its credit. He mentioned several matters now being discussed by the city council, the school board and the Water and Light Board which he believes the League should get behind and support at the proper time.

The following committee chairmen were appointed by the president: Community and ward improvement, Hugo Kaatz; educational and recreation, Mrs. F. M. Kelly; highways, streets and boulevards, Oscar E. Swanson; finance and membership, Mrs. J. H. Herbert; publicity and social welfare, Albert O. Anderson. These chairmen are to name their committee members later.

Objections to the renaming of the streets were voiced at the meeting. During the discussion it was brought out that Mrs. Emma E. Forsythe, a highly honored and respected resident of Northeast Brainerd, platted the original Northeast Brainerd over forty years ago, herself naming the streets and donating one-half of the present Lowell school grounds and the streets and alleys to the city.

Mrs. Forsythe also raised and then transplanted some 1,400 trees on the boulevards, many of which now stand as living monuments to her efforts for a beautiful city. Her interest and efforts for a beautiful Brainerd with substantial parks and playgrounds, have not waned in these many years. As the matter has been passed upon by the city council, no action was taken at the Improvement League's meeting.

Booklets containing the Bok peace plan award and ballots on this plan were distributed and are to be voted upon and left with Secretary Hugo A. Kaatz, at the B. Kaatz & Son store.

The next meeting of the League is scheduled for Tuesday, February 26th, and members and friends are asked to mark the date on the calendars now to keep the date open.

JOINT INSTALLATION

To be Held by Degree of Honor and Ancient Order United Workmen

On Thursday evening January 24th, America Lodge No. 46, Degree of Honor, and Brainerd lodge, No. 47, A. O. U. W., will hold a joint installation of officers at Elks hall.

The grand president, Lois Geiser, will install for the Degree of Honor, and the work for the A. O. U. W. will be done by Grand Master Romaley, assisted by Grand Overseer, Andrew Anderson, of I. Brainerd.

The occasion takes on the form of a farewell to the grand president of the Degree of Honor, since this will be her last visit to Brainerd. She leaves soon after the grand lodge session in February, for her new home in the West.

Word has been received that some fifty members of the Crosby-Ironton lodges will be in attendance at Thursday evening's meeting. This promises to be a big event and all members are urged to attend. An elaborate lunch will be served at the close of the evening.

OBITUARY

Elwin L. Doble Served With Distinction in the World War

Elwin L. Doble was born February 7th, 1889, at Rice, Minn., and spent his early years in different parts of Minnesota.

In 1913 he was married in Portland, Ore., one son being born to this union.

In 1917, three days after war was declared, Mr. Doble enlisted as a volunteer from Duluth. He served as sergeant in six different states during the war and received his honorable discharge in 1919. He re-enlisted in 1920 for three years and was sent to Honolulu, where he served as corporal in Co. F.

In March, 1921 he was taken ill with influenza which left his lungs in very bad condition, and from which he never fully recovered. In May, 1922, he was sent to the government hospital in San Francisco, and later to Denver, and then to St. Paul.

He was discharged from the service as disabled in December 1923 and transferred to the United States veterans hospital, No. 68 in Minneapolis, where he was confined to his bed until his death on January 19th.

Mr. Doble was always of a kindly and pleasant disposition. He never looked on the dark side of life, even telling the nurses on the day he died that he was going to get well, but he also said that he was ready to die.

He leaves to mourn his loss his son, Elwin, 9 years of age, living in Portland, Ore., three sisters, Mrs. E. L. Young, of Merrifield, Mrs. Harry Norton, of Brainerd, and Mrs. J. C. Mason, of Duluth, also two brothers, Archie of Idaho and Lloyd of Duluth, and an aunt, Mrs. L. E. Canfield, of Brainerd. His grandfather Norton, a Civil war veteran, is also living.

Mr. Doble was a member of the American Legion and of the D. A. V. W. W. The funeral was conducted from the Whitney chapel on Tuesday afternoon in charge of the American Legion, Rev. E. A. Cooke of the Methodist church, officiating.

Deputy Mitchell to Deliver an Instructive Address on Great Fraternal Order

The Modern Woodmen of America, Camp 2337, will hold a big meeting on Friday evening, January 25, in Odd Fellows hall. The local Woodmen camp will initiate a large class of candidates into the mysteries of the order.

The work will be put on by the Brainerd degree staff under the direction of Deputy H. R. Mitchell, who has a state-wide reputation in this line of work and always has something new to offer. All members are requested to be present and enjoy a good time.

"We are especially anxious that all members be there," said Clerk C. Bruhn, "as in addition to our ceremonies Deputy Mitchell will give us some facts and figures concerning the Modern Woodmen of America and its insurance rates that will be valuable information to the members in the way of increasing and maintaining their loyalty to the order. The facts that will be given are mathematical certainties that cannot be disputed."

The members should arrange their affairs so as to enable them to be present.

12 CHAIRMEN ARE NAMED

Full Blood Dairy Sires May be Furnished Farmers of the County

The regular meeting of the Civic & Commerce Association this evening promises to be an interesting, as well as an important event, President F. H. Gruenhagen reporting that there is quite a little business to transact.

The president has appointed the chairmen of the twelve standing committees, and will announce their names at this evening's meeting, also the three special committees, each of which has an important duty to perform.

The board of directors authorized Mr. Gruenhagen to appoint a special committee to go into the matter of furnishing full blood dairy sires to the farmers of the county. This is an original idea of the president's, and he hopes to see it materialize in the near future. It is pointed out that it will be a long step toward improving the dairy herds of the Brainerd territory and increase the dairy products of the county.

The president was further authorized to appoint a special committee to work with the county and city officials in an effort to reduce the tax burden. This is a matter in which every citizen is intensely interested, and any results obtained will be greatly appreciated.

All of the above matters will be brought up at the meeting tonight, it is expected, and are of such importance that a large attendance is desired. It is the intention of the officers to open the meeting promptly at 8 o'clock. The Lions club quartet will furnish a short musical program.

Card of Thanks

We wish to express our sincere appreciation and thanks to the many friends who so kindly assisted us in our recent bereavement, and especially to Dr. Badeaux for his solo, the American Legion quartet for their song, the American Legion for their beautiful wreath, Walter Ludlow and Rev. Cooke.

FOLLOWERS OF THE GLEAM

Entertained at Home of Mrs. E. P. Slipp on Saturday Afternoon

The Followers of the Gleam held their regular monthly meeting on Saturday afternoon at the home of Mrs. E. P. Slipp, the study being, "The Life of a Girl in Modern Japan," taken from Chapter III of "The woman and the heaven in Japan."

The following program was carried out:

Biography of Miss Scherlotte De Forest—Evelyn Wise.
The eventful days of Japanese childhood—Elizabeth Folsom.

Description of an elementary school—Margaret Springer.

Japanese fairy tales—Vivian Bishop.

Education in Japan since 1872—Margaret Jones.

Play festivals—Kathryn Carmichael.

The Koto—Kathryn Albright.

Handicaps of mission schools—Mrs. E. P. Slipp.

Household duties of Japanese boys and girls—Viola McKay.

With Emperor worship, current events, given by Elizabeth Folsom, showed Crown Prince Hirohito, regent of Japan, with his trip to Europe in 1921 being regarded as a symbol of a new age for Dai Nippon, while Viola McKay read the account of the "Jap Crown Prince to wed Jan. 26th."

Current events were further illustrated by Margaret Jones, with the reading "Chinese Bible century observed" revealing the one-hundredth anniversary of the translation of the Bible into Chinese, by Robert Morrison, observed at a luncheon in New York city, with the Chinese minister to the United States as a guest of honor.

Saturday's program closed with the singing of "Send the Light," Miss Margaret Springer, pianist.

The social hour followed with refreshments served by the hostess, who at this time read a letter received that day from Miss Ella Hoxie Sholapur, India. Miss Hoxie wrote of many little girls of India, who have to live such old lives before they are grown, and stated further that one little girl in the industrial class came to school the other day with great welts all over her back where her brute of a husband had been beating her. He is a man of about 30 and she a child of 11 years.

In closing, Miss Hoxie wrote, "I am thankful a thousand times a week that I am from a country where they at least do not advocate child marriage, even if there are some married there too young." Miss Hoxie is a missionary of the Woman's Board of Missions of the Interior, and the one to whom the Followers of the Gleam sent the missionary box in November.

AIM TO GET NEW HOSPITAL

N. E. Brainerd Improvement League
Makes Bid For Federal Tuberculosis Hospital

RICHARD ILSE CHAIRMAN

President Elmer L. Dahl Makes His
Opening Address at
Session

It was called to the attention of the Northeast Brainerd Improvement League, at its meeting on Tuesday night, that General Hines, chief of the U. S. Veterans Bureau, has recommended to congress that a hospital, costing \$1,500,000 be established in the Northwest district, known as District 10, for the care of tuberculosis patients.

Other cities have already started moves, it is said, to secure this institution for their localities, and a committee headed by Richard Ilse was appointed from the League to appear before other local civic organizations and discuss the advisability of Brainerd attempting to secure the hospital for this vicinity. This is already the headquarters for the vocational training of veterans of the district, and is known as a veterans center.

In opening Tuesday evening's meeting, President Elmer L. Dahl requested the same hearty cooperation of the members during the coming year that was given the retiring president, Richard Ilse. Mr. Dahl stated that, although the League is small, and at times its work seems to fall on a few members, it is an institution here to stay and will add to the accomplishments it already has to its credit. He mentioned several matters now being discussed by the city council, the school board and the Water and Light Board which he believes the League should get behind and support at the proper time.

The following committee chairmen were appointed by the president: Community and ward improvement, Hugo Kaatz; educational and recreation, Mrs. F. M. Kelly; highways, streets and boulevards, Oscar E. Swanson; finance and membership, Mrs. J. H. Herbert; publicity and social welfare, Albert O. Anderson. These chairmen are to name their committee members later.

Objections to the renaming of the streets were voiced at the meeting. During the discussion it was brought out that Mrs. Emma E. Forsythe, a highly honored and respected resident of Northeast Brainerd, planted the original Northeast Brainerd over forty years ago, herself naming the streets and donating one-half of the present Lowell school grounds and the streets and alleys to the city.

Mrs. Forsythe also raised and then transplanted some 1,400 trees on the boulevards, many of which now stand as living monuments to her efforts for a beautiful city. Her interest and efforts for a beautiful Brainerd with substantial parks and playgrounds, have not waned in these many years. As the matter has been passed upon by the city council, no action was taken at the Improvement League's meeting.

Booklets containing the Bok peace plan award and ballots on this plan were distributed and are to be voted upon and left with Secretary Hugo A. Kaatz, at the B. Kaatz & Son store.

The next meeting of the League is scheduled for Tuesday, February 26th, and members and friends are asked to mark the date on the calendars now to keep the date open.

FANNING WITH ARRELL

LIMITING AMATEURS TO MILLIONAIRES

By HENRY L. FARRELL
United Press Sports Editor

New York, Jan. 22.—Resuming the offensive in the old crusade against professionalism, some of the American amateur sport governing bodies are attaching almost a penalty to a star athlete's name.

To live up to the strict interpretation of the amateur rule, as it is being revised and restricted from time to time, a champion tennis player or a champion quarter-miler must almost apologize for himself.

The United States Lawn Tennis Association has ruled that, after January 1, 1925, no amateur tennis players can accept any substantial compensation for literary contributions to the press.

Rules passed previously made it an offense, with a penalty of disbarment for any tennis player to engage in the sports good business.

It is the theory of the tennis governing body that a tennis player should never in any way seek ways of capitalizing on the name that he acquired on the court.

Perhaps it would be wrong for the tennis champion to call up the box office and say:

"This is Bill Tilden talking. I would like to have two seats in the first row."

The B. O. wouldn't have the seats and he would reply:

"Being as it is you, Mr. Tilden, that wants 'em, I'll certainly send out and pull in a few from the specs."

This is an extreme case, but in restricting the actions of players, the association also approaches extremes.

Writing newspaper articles and selling sporting goods are not the only occupations in which a player might be accused of getting cash on his name.

It would seem that the name of a player over a piece of literature or on the window of a shop is no more a gesture to invite business than the name of a player on a card that gets him by office boys who would not permit an ordinary insurance agent or bond salesman into the sacred precincts of the big and busy boss.

If the amateur sports governing bodies insist that an amateur athlete positively must not make use of his name in business, these bodies will have to import the English ideas and establish British classes, in which no athlete, but an "idle gentleman," can be accepted as a pure amateur.

Considering the subject from the strict standpoint that the Americans would like to bring about in their definition of an amateur, only a millionaire gentleman, who did nothing else, could qualify.

RICKARD'S EDICT
IN FIRPO-WILLS
FIGHT IS GIVEN

New York, Jan. 23.—It is "not one cent more than \$200,000 will Luis Firpo get out of me for fighting Harry Wills," Tex Rickard said today.

After a cash layout of \$200,000 as one of three propositions had been made to the South American, Rickard learned that the Angel was getting ready to use the "crusher" on him.

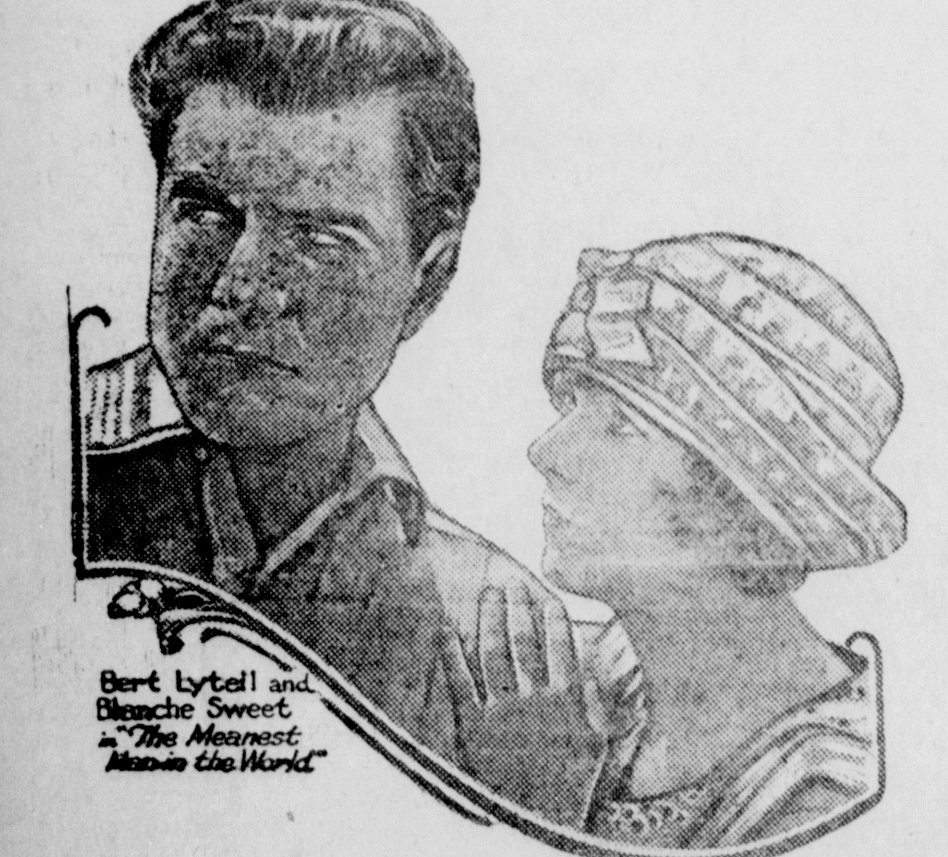

"If Firpo can get \$250,000 or \$300,000 from some other promoter," Rickard said, "he will be foolish if he does not accept the best offer. My best price has been named."

"Firpo is worth \$200,000 and not a cent more. I believe I have always known what a fighter is worth in the ring and I have not underestimated the drawing power of Firpo."

"In discussing a Firpo-Wills fight, it must be remembered that Wills is worth something. It is not similar to the case where Wills would be getting a direct shot at the title, in which case he might consider the opportunity of winning the championship as being worth something."

Rickard agreed with Firpo's claim that he is free from option that Rickard had on his services and the promoter is willing to have Firpo knock himself off to the highest bidder.

Rickard already has made his proposition to Wills for a Firpo fight and until something definite is heard from Firpo, he cannot continue the negotiations with the colored challenger.

Movie Actress Signs Contract "To Be Good"

Million dollar movie contracts pale into insignificance alongside the latest agreement to which a screen actress has bound herself.

Maryon Aye, beautiful, dark-haired film favorite, has signed a contract to be good!

Not that there ever was the slightest danger in her case, for she points out:

"At least, there's nothing to prevent me from dipping my bread in chicken gravy—and that's about my worst vice."

In placing her name on the dotted line Miss Aye achieved the distinction of being the first screen celebrity to sign a "morality clause" contract and at the same time signalized a new order of things in the cinema world.

The first picture in which Miss Aye will be seen under the "morality clause" contract will be a film version of George M. Cohan's "The Meanest Man in the World," to be released by First National. It will be shown at the New Park tonight and Thursday.

Faithless Husbands Evade Law.

Wife deserters in Nottingham, England, cannot be arrested on Sunday, according to the statutes. As a consequence 90 per cent of the warrants taken out against wife deserters are not served, though a reward is placed on the head of each man. The faithless husbands leave the city on Monday morning and do not return again until Sunday.

"Speaking solely from movie experience," smiled Agnes Ayres, "In the picture, the harem scenes are quite attractive, however—colorful to a degree, and very beautifully composed. When we were making them, Mr. Melford, the producer, had to almost barricade the place to keep people away."

Thursday's Old Favorite will be John Gilbert in the "Count of Monte Cristo" the big Wm. Fox screen classic.

Peanut Oil.

Peanut oil is one of the prime necessities of the Chinese in South China, and means as much to them as olive oil to the Spaniard and as lard to the American. It is the cooking oil and foodstuff of the race. Consul Lefty Webber reports from Hongkong that both imports and exports of the oil at Hongkong are steadily increasing. During the first quarter of 1923 imports reached the high total of \$738,796, and exports \$571,920. Large stocks of peanut oil are always maintained in Hongkong. Most of the local oil is crushed from nuts grown in the colony, in South China and in North China. Exports are shipped chiefly to nearby markets in South China, the Straits Settlement, the United States, India, China, Siam, the Philippines and Canada.

The little man stood in front of a picture of still life representing fruit and vegetables. "Jolly well done," he exclaimed admiringly. "I know a bit about this kind of thing." "You are a picture dealer?" asked one of the bystanders. "No, a green grocer," was the reply.—Pearson's Weekly, London.

FANNING WITH ARRELL

By HENRY L. FARRELL
United Press Sports Editor

New York, Jan. 22.—Resuming the offensive in the old crusade against professionalism, some of the American amateur sport governing bodies are attaching almost a penalty to a star athlete's name.

To live up to the strict interpretation of the amateur rule, as it is being revised and restricted from time to time, a champion tennis player or a champion quarter-miler must almost apologize for himself.

The United States Lawn Tennis Association has ruled that, after January 1, 1925, no amateur tennis players can accept any substantial compensation for literary contributions to the press.

Rules passed previously made it an offense, with a penalty of disbarment for any tennis player to engage in the sports good business.

It is the theory of the tennis governing body that a tennis player should never in any way seek ways of capitalizing on the name that he acquired on the court.

Perhaps it would be wrong for the tennis champion to call up the box office and say:

"This is Bill Tilden talking. I would like to have two seats in the first row."

The B. O. wouldn't have the seats and he would reply:

"Being as it is you, Mr. Tilden, that wants 'em, I'll certainly send out and pull in a few from the specs."

This is an extreme case, but in restricting the actions of players, the association also approaches extremes.

Writing newspaper articles and selling sporting goods are not the only occupations in which a player might be accused of getting cash on his name.

It would seem that the name of a player over a piece of literature or on the window of a shop is no more a gesture to invite business than the name of a player on a card that gets him by office boys who would not permit an ordinary insurance agent or bond salesman into the sacred precincts of the big and busy boss.

If the amateur sports governing bodies insist that an amateur athlete positively must not make use of his name in business, these bodies will have to import the English ideas and establish British classes, in which no athlete, but an "idle gentleman," can be accepted as a pure amateur.

Considering the subject from the strict standpoint that the Americans would like to bring about in their definition of an amateur, only a millionaire gentleman, who did nothing else, could qualify.

RICKARD'S EDICT IN FIRPO-WILLS FIGHT IS GIVEN

New York, Jan. 23.—It is "not one cent more than \$200,000 will Luis Firpo get out of me for fighting Harry Wills," Tex Rickard said today.

After a cash layout of \$200,000 as one of three propositions had been made to the South American, Rickard learned that the Angel was getting ready to use the "crusher" on him.

"If Firpo can get \$250,000 or \$300,000 from some other promoter," Rickard said, "he will be foolish if he does not accept the best offer. My best price has been named."

"Firpo is worth \$200,000 and not a cent more. I believe I have always known what a fighter is worth in the ring and I have not underestimated the drawing power of Firpo."

"In discussing a Firpo-Wills fight, it must be remembered that Wills is worth something. It is not similar to the case where Wills would be getting a direct shot at the title, in which case he might consider the opportunity of winning the championship as being worth something."

Rickard agreed with Firpo's claim

that he is free from option that Rickard had on his services and the promoter is willing to have Firpo knock himself off to the highest bidder.

Rickard already has made his proposition to Wills for a Firpo fight and until something definite is heard from Firpo, he cannot continue the negotiations with the colored challenger.

CHICAGO BOXER IS BACK IN YARDS

Chicago, Jan. 23.—Harold Smith, a product of the Chicago stockyards district which produced Packey McFarland, is back at his old job in the stockyards, punching a time clock instead of punching opponents, and may never appear in another ring contest.

The Chicago bantamweight, until recently a contender for the championship, developed water on the knee as a result of a wrench in a New York bout with Danny Lee several months ago. He carried his leg in a cast for several months, but it remained stiff even after the removal.

Admirers of the Chicagoan said tonight he had the prospects of earning \$50,000 in the ring when the injury forced him to quit.

Says Glass of Salts Helps to Overcome Rheumatism Acid

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind.

Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keep accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus often ridding the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—Advt.

Movie Actress Signs Contract "To Be Good"

Million dollar movie contracts pale into insignificance alongside the latest agreement to which a screen actress has bound herself.

Maryon Aye, beautiful, dark-haired film favorite, has signed a contract to be good!

Not that there ever was the slightest danger in her case, for she points out:

"At least, there's nothing to prevent me from dipping my bread in chicken gravy—and that's about my worst vice."

In placing her name on the dotted line Miss Aye achieved the distinction of being the first screen celebrity to sign a "morality clause contract" and at the same time signalized a new order of things in the cinema world.

The first picture in which Miss Aye will be seen under the "morality clause" contract will be a film version of George M. Cohan's "The Meanest Man in the World," to be released by First National. It will be shown at the New Park tonight and Thursday.
